1. RESET SIGNAL GENERATOR AND A METHOD FOR GENERATING RESET SIGNAL OF ...

by N Park - 2009

The logic circuit 320 can output the high-level **count-result signal** 'CNT_CLK' through the **pass** gate PG 1 during a high level period of the **count-pulse** ...

www.freepatentsonline.com/y2009/0206890.html

2. Speed meter system for vehicle - Patent 4506216

by M Fukamachi - 1985 - [Cited by 4](#) - [Related articles](#)

The first counter 1 continues to **count** the **pulse signal** for a predetermined period of time **until** it receives the **count** ending signal **through** the signal line ...

[Show more results from www.freepatentsonline.com](http://www.freepatentsonline.com)

3. Programmable high pass digital filter of analog signal - US Patent ...

Signal C, via line 20-2, triggers counter 30-1 one **count** per **pulse** of **signal B**,
count of 512 **through** 767, the counting sequence to continue **until** ...

www.patentstorm.us/patents/4002988/description.html

4. Signal measuring and display control method and apparatus - US ...

The measurement between successive **pulse count** signals is repeated **until** the
will be high to condition AND gate 33 to **pass** any high "STROBE" **pulse** supplied to the
The second **signal** is supplied **through** OR gate G3 and AND gate G4 ...

5. Generating a Pulse Signal with a Modulated Duty Cycle - Patent ...

A method for generating an output **pulse signal** (Y), which has an output signal
The process 6 may have a low **pass** filter connected in series between said ... the process
6 **through** the generator 4 to change the value of the feedback entity F. ... of the output
signal Y between t0 and t1 **until** a specific **count**, ...

6. [Circuit explanation of PLL initialization circuit](#)

Because the output H of FF(H) is the L, **through** X8, FF(ABCD) and FF(E) are in ... it becomes the condition which X2, too, can **pass the pulse signal through**. ... Because it is, **until** the power supply becomes OFF when FF(H) turns over once ... It is to make **count** the 18 clocks at the 1 cycle including the LE signal ...

www.massmind.org/images/www/hobby_elec/e_ckt11_6.htm - [Cached](#)

7. [An Optical Analog-to-Digital Converter for Bitwise Coding](#)

by SV Sokolov - 2008 - [Related articles](#) - [All 2 versions](#)

and it is directly proportional to bits **count** of input ADC code. ... Therefore, the second **pulse** of OPS does not **pass through** OCI, so there is no + relative units) then this **signal** passes **through** optical splitter to OCWG, ... As a result OCI input **pulse** is saved in circular OWG **until** reset **pulse** comes. ...

www.springerlink.com/index/D86H7260H1HW8123.pdf - [Similar](#)

8. [Demonstration of an avalanche drift detector with front ...](#)

by GG Wu - 2009 - [Related articles](#)

... avalanche that discharges the capacitor **until** it arrives at the breakdown voltage. The electrical **pulse signal** from the charge-sensitive preamplifier was output ... 4(b)–(d) corresponds to the avalanche electrical pulse **count** rate of ... pulse with higher frequency, which **pass through** the avalanche region, ...

linkinghub.elsevier.com/retrieve/pii/S0168900209007505

9. [The Pulse Sequence Generator Based on CPLD in the Application of ...](#)

by WWXZH Wang

two LC Low-pass filter of wide dynamic range and high-gain. The design of **pulse** generator unit is use of Altera ... And then it continues to **count until** the end of the ... appear the strongest **signal pulse**. **Through** trial and error ...

ieeexplore.ieee.org/iel5/5235876/5273983/05274876.pdf?arnumber...

10. [A new high accuracy real-time processing system for the ...](#)

by Y Rao - 1992

A two-order active low-pass filter ... characteristic **pulse signal**; SLCS, sampling line control ... a 40 MHz crystal oscillator **pass through** an inverter ... is toggled again and begins to **count** M , **until** the rising ...
